## Foreword

I am pleased to introduce this compilation of profiles showcasing the diverse talents and accomplishments of our esteemed faculty members. As the Vice Chancellor of KU, I am honored to witness the dedication, expertise, and passion that each faculty member brings to their respective fields.

The diverse talents and unwavering dedication of our faculty members stand as the foundation of the university, propelling it to the forefront as the nation's foremost higher education institution. I trust that this compilation of faculty profiles will effectively disseminate information about our esteemed educators to a diverse range of stakeholders interested in engaging with KU for academic, policy, research, or other pursuits within their areas of interest. I would like to take this opportunity to thank each faculty member for their tireless efforts in advancing this institution and to the Human Resources team who merit special praise for the creation of this publication.

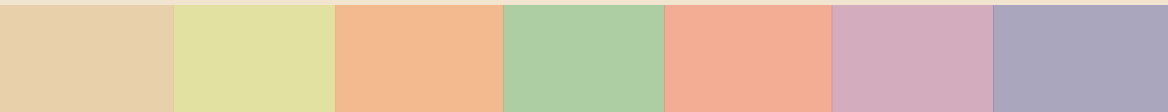

Prof. Dr. Bhola Thapa  
Vice Chancellor

## About Kathmandu University

Kathmandu University (KU) is an institution dedicated to maintaining the standard of academic excellence in various classical and professional disciplines. Established in 1991, Kathmandu University has since emerged as a leading center for higher learning in Nepal and the wider global academic community, with over 200 programs and over 18000 students at its schools. One of the defining characteristics of Kathmandu University is its diverse academic programs that span a wide array of fields, ranging from science, engineering, management, social sciences, medical sciences, arts, law to education.

Kathmandu University runs academic programs, most of which are credited for being introduced for the first time in the country. Business Administration, Pharmacy, Environmental Science, Biotechnology, Human Biology, Mechanical Engineering, Computer Engineering, Electrical and Electronics Engineering, Geomatics Engineering, Development Studies, Social Work, Technical Education, Media Studies, Civil Engineering with Specialization in Hydropower, Landscape Management and Heritage studies, Doctor of Medicine (DM) in Gastroenterology, DM in Neurology and MS by Research in Glaciology count among the pioneering programs in Nepal. Kathmandu University attracts talented students and partners, and actively adopts multidisciplinary approaches for interdisciplinary collaboration, fostering an environment where creativity and innovation thrive.

In this booklet, we present the profiles of the esteemed faculty members (Professors and Associate Professors) who form the backbone of Kathmandu University's academic prowess. Their expertise, dedication, and contributions are integral to the university's success and serve as an inspiration to all who are part of this dynamic institution.
