FIP Data and Intelligence Specialist
FIP
The Netherlands

CO-MODERATOR
ALISON UBONG ETUKAKPAN
FIP Educational partnerships and projects manager
FIP
The Netherlands

RAJANI SHAKYA
Associate Professor
Department of Pharmacy, School of Science, Kathmandu University
Nepal

ANDI HERMANSYAH
Academia
Faculty of Pharmacy Universitas Airlangga
Indonesia

RAO V. S. V. VADLAMUDI
Immediate Past President
Professional Secretary - SEARPharm Forum
Indian Pharmaceutical Association (IPA)
India

RALPH J. ALTIERE
Dean and Professor
FIPed Chair
FIP and University of Colorado Skaggs School of Pharmacy and Pharmaceutical Sciences
USA

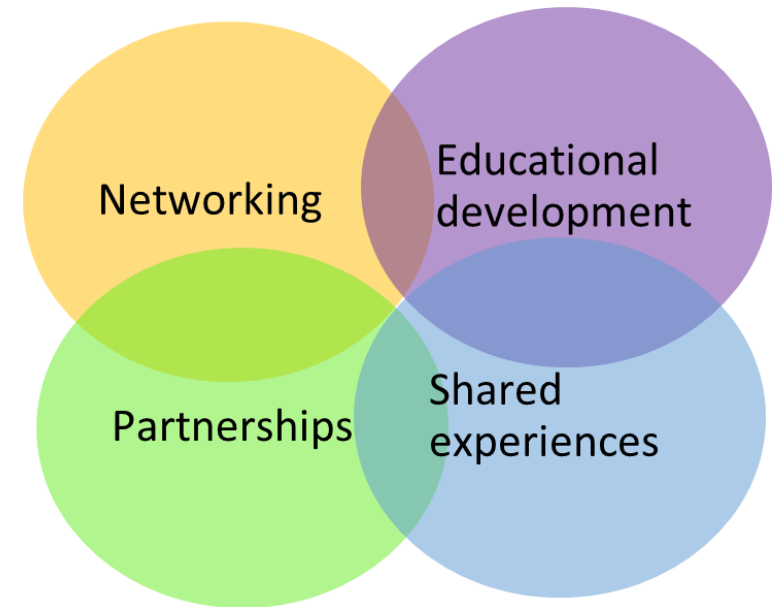

EDITHA RENESTEEN
Head of Internal Quality Assurance System, Faculty of Military Pharmacy
The Republic of Indonesia
Defense University
Indonesia

Professional Activities

Project aims

- Build a network for academic capacity building, best practice sharing and educational exchanges among members of the SEAR, with support from global stakeholders to advance the transformation of pharmacy practice and science through educational context.
- Implement the FIP regional roadmap for transforming pharmaceutical education specifically:
 - Develop competency framework for SEAR
 - Academic capacity development of young faculty members
 - Develop a Continuing Professional Development (CPD) toolkit

Future Plans

- Supporting KU vision 'To become world class University' and mission 'To provide quality education for leadership'
- Focus on Department's SWOT analysis
 - Academic capacity building
 - Strengthen research activities with societal benefits

SWOT analysis of the Department

Strengths	Weaknesses	Opportunities	Threats
<ul style="list-style-type: none">• Updated curriculum• First choice for pharmacy education• Specialized courses• Experienced faculties• Team spirit• Lab facilities• Market reputation• Scholarship opportunities• Stakeholder's support• Alumni• FoP	<ul style="list-style-type: none">• Inadequate classrooms & congested labs• Training and up-gradation of faculties and staffs• Lack of preceptors• Less funded research• Negligible international students• Lack of advanced lab facilities	<ul style="list-style-type: none">• Increasing demand of pharmacy workforce in the country• Greater demand for graduate programs• Partnership with pharmaceutical companies for collaborative ventures• Clinical services in liaison with the hospital	<ul style="list-style-type: none">• Increasing number of pharmacy colleges• Academic calendar disturbances due to admission process taken up by the MEC• Academic performance of students
			

Future Plans

I. Quality Assurance and Curriculum Revisit

- Identification of market needs and graduates' competencies to bridge the gap between practice and academia.
- Competency framework for SEAR - being developed by FIP UNESCO UNITWIN Centre for Excellence

II. Continuing Professional Development (CPD)

- Developing CPD toolkit - one of the objective of FIP UNESCO UNITWIN Centre for Excellence

Future Plans

III. Scholarly Activities with Social Innovation

- Seek research grants from national and international funding bodies

IV. Strengthening Experiential Learning

- Collaborations with stakeholders
- Development of faculty preceptor/ supervisor

Future Plans

V. Lab Strengthening

a. Pharmacy Practice Lab

- Model Pharmacy at the Department

b. Bioequivalence and Bioavailability Lab

- Convert this lab to a CRO that provide service to the pharmaceutical companies will strengthens academia-industry linkage & also increase job opportunities.

“Choose a job you love, and you will never have to work a day in your life”

- Confucius

Thank you
